

AI Quickstart for AI for an indoor playground

The realistic AI use cases on one page — no hype, with clear limits.

AI for an indoor playground — where it really saves time

- 1. Draft offer and price texts
- 2. Birthday, group and school info texts and booking blocks
- 3. Online presence, local profile and holiday and opening-hours updates
- 4. Social media and newsletters about promotions and the holiday programme
- 5. Answer enquiries and reviews and maintain standard texts

Limit: AI gives you drafts, no guarantees. The professional and legal final check always stays with you.
