

AI Quickstart for AI for fruit farms

The realistic AI use cases on one page — no hype, with clear limits.

AI for fruit farms — where it really saves time

- 1. Draft product and season texts
- 2. Write farm shop, self-service and pick-your-own info
- 3. Online presence, local profile and season updates for social
- 4. Newsletters and social about harvest start, offers and farm events
- 5. Answer enquiries and reviews plus standard texts

Limit: AI gives you drafts, no guarantees. The professional and legal final check always stays with you.
